QUICK-COMMERCE & MARKETPLACE OPERATIONS

Fixderma Quick-Commerce & Growth Audit

Outside-in snapshot, collected by hand on 2026-10-27 across 10 pincodes in Gurugram and Bengaluru.

Platforms surveyed: Blinkit · Zepto · Swiggy Instamart · Core SKUs: Shadow SPF 50+ Gel & Salyzap

DRAFT: NO REAL DATA

EXECUTIVE SUMMARY

Audit Overview & Key Operational Takeaways

Outside-in audit across Blinkit, Zepto, and Instamart dark stores. 10 pincodes, 6 priority SKUs.

Shadow SPF 50+ Gel In-Stock	Avg Dark-Store Replenishment	Top-3 Search SOV (Organic)	Competitor Sponsored Share
69%	**42 hrs**	**17%**	**64%**
31 of 45 checks in-stock	Out-of-stock lag window	Rank 1-3 on priority terms	Derma Co & Minimalist ads

Observed Commentary

- Shadow SPF 50+ Gel 75g shows stronger dark-store penetration in Gurugram than Bengaluru.
- Blinkit exhibits the lowest stock-out frequency among tracked platforms for core SKUs.
- Derma Co and Minimalist command over 60% of top-3 sponsored search placements across priority terms.

INVENTORY DISTRIBUTION

Pincode × Platform In-Stock Rate

In-stock availability percentages across 10 tracked micro-markets in Gurugram and Bengaluru.

Pincode	City & Locality	Blinkit	Zepto	Swiggy Instamart	Overall In-Stock
122002	Gurugram · DLF Phase 1 / Cyber City	83%	83%	67%	**78%**
122003	Gurugram · Sector 48 / Sohna Road	83%	67%	50%	**67%**
122009	Gurugram · DLF Phase 3	100%	83%	67%	**83%**
122018	Gurugram · Golf Course Ext Road	83%	67%	50%	**67%**
122011	Gurugram · Sector 54 / Golf Course Rd	100%	83%	83%	**89%**
560034	Bengaluru · Koramangala	67%	67%	50%	**61%**
560038	Bengaluru · Indiranagar	83%	67%	67%	**72%**
560102	Bengaluru · HSR Layout	67%	50%	50%	**56%**
560066	Bengaluru · Whitefield	50%	50%	33%	**44%**
560103	Bengaluru · Bellandur / ORR	67%	50%	50%	**56%**

Factual auto-caption: Fixderma Shadow SPF 50+ Gel was in stock in 31 of 45 checks (69%).

SUPPLY CHAIN FRICTION

Stock-Out Detail by Locality & Platform

Identified dark-store stockouts where customer demand encounters immediate availability failure.

Pincode	Platform	Missing SKU	Pack Size	Observed Status	Estimated Replenish Delay
560066 (Whitefield)	Swiggy Instamart	Fixderma Shadow SPF 50+ Gel	75g	Out of Stock	48+ hours
560066 (Whitefield)	Zepto	Fixderma Salyzap Gel for Acne	20g	Out of Stock	36 hours
560102 (HSR Layout)	Swiggy Instamart	Fixderma Shadow SPF 50+ Gel	40g	Out of Stock	36 hours
560034 (Koramangala)	Zepto	Fixderma 17% Vitamin C Serum	15ml	Out of Stock	24 hours
122003 (Sohna Road)	Swiggy Instamart	Fixderma Shadow SPF 50+ Cream	75g	Out of Stock	24 hours

Operational Impact

Stock-outs on quick commerce lead to instantaneous competitor substitution. When Shadow Gel is unavailable, consumer apps serve Derma Co 1% Hyaluronic or Aqualogica Water Gel within 1 scroll.

VISIBILITY AUDIT

Search Ranking & Top-5 Category Slots

Organic visibility vs. Derma Co, Minimalist, Aqualogica, and Dr. Sheth's across top consumer queries.

Keyword Query	Fixderma First Organic Rank	Top 5 Slot Owners (Observed)	Fixderma Rank Status
sunscreen	Position 4 (Blinkit) / Position 6 (Zepto)	Derma Co (1, 2), Minimalist (3), Fixderma (4), Aqualogica (5)	Mid-tier visible
sunscreen spf 50	Position 2 (Blinkit) / Position 4 (Instamart)	Derma Co (1), Fixderma (2), Minimalist (3), Dr. Sheth's (4)	Strong organic intent
sunscreen for oily skin	Position 5 (Blinkit) / Position 7 (Zepto)	Derma Co (1), Aqualogica (2), Minimalist (3), Dot & Key (4)	Vulnerable to conquesting
acne gel	Position 3 (Blinkit) / Position 3 (Zepto)	Sebogel (1), Minimalist (2), Fixderma Salyzap (3)	Strong clinical intent
face wash for acne	Position 8 (Blinkit) / Unranked (Zepto)	Derma Co (1), Minimalist (2), Cetaphil (3), Neutrogena (4)	Low search discovery

Audit fact: Derma Co and Minimalist occupy 60% of top-3 positions across high-volume generic keywords.

DRAFT: NO REAL DATA

MEDIA INVESTMENT

Share of Sponsored Placements & Bidding Activity

Analysis of ad conquesting across Blinkit, Zepto, and Instamart search result pages.

Observed Sponsored Bidding Share

Distribution of paid banner and keyword search ads across sunscreen queries:

- **The Derma Co:** 34% of observed sponsored slots
- **Minimalist:** 28% of observed sponsored slots
- **Aqualogica:** 18% of observed sponsored slots
- **Dr. Sheth's / Dot & Key:** 12% of observed sponsored slots
- **Fixderma:** 8% of observed sponsored slots

Strategic Observation

Direct competitor brands actively bid on the brand term "Fixderma sunscreen". When users search for Shadow Gel, competing sponsored cards frequently occupy slot 1 and slot 2 before the organic Fixderma card appears.

Recommendation: Implement defensive brand keyword bidding while focusing offensive spend on "matte sunscreen" and "gel sunscreen spf 50".

COMMERCIAL ARCHITECTURE

Price per Gram Comparison & Pack-Size Ladder

Unit pricing benchmarks for Fixderma Shadow SPF 50+ Gel against major quick-commerce competitors.

Brand & SKU	Pack Size	MRP (₹)	Discounted Price (₹)	Price per g/ml (₹)	Discount Depth
Fixderma Shadow SPF 50+ Gel	40g	₹265	₹239	**₹5.98 / g**	10%
Fixderma Shadow SPF 50+ Gel	75g	₹455	₹395	**₹5.27 / g**	13%
The Derma Co 1% Hyaluronic Sunscreen	50g	₹499	₹424	₹8.48 / g	15%
Minimalist SPF 50 Sunscreen	50g	₹399	₹379	₹7.58 / g	5%
Aqualogica Radiance Dewy Sunscreen	50g	₹449	₹381	₹7.62 / g	15%
Dr. Sheth's Ceramide Sunscreen	50g	₹499	₹419	₹8.38 / g	16%

Pack-Size Opportunity

Fixderma's 75g pack offers superior price-per-gram value (₹5.27/g) vs. competitor 50g benchmarks (₹7.50–₹8.50/g). Highlighting "50% more quantity per pack" on PDP image secondary tiles directly drives conversion.

COMMERCIAL ROADMAP

30-60-90 Day Quick-Commerce Action Plan

Proposed execution roadmap to lift core SKU availability to >95% and capture top-3 organic rank.

Days 1 to 30: Baseline & Basics

- Replace outside-in audit with platform vendor portal dashboards; map stock-outs by dark store.
- Refresh listing basics on top 10 SKUs: titles with high-intent keywords, secondary lifestyle images, skin-type callouts.
- Agree on KPI framework: in-stock availability %, share of top-5 slots, price-per-gram index.
- Choose Trial Lab pilot launch product and lock protocol endpoints.

Days 31 to 60: Close Gaps & Test

- Close dark-store stockouts in Gurugram & Bengaluru; establish re-order threshold triggers.
- Deploy targeted ad spend to defend brand search terms and bid on "gel sunscreen spf 50".
- Test starter 40g bundle pack promotions in top Bengaluru dark stores.
- Recruit consumer panel cohort with climate-zone quotas for Trial Lab pilot.

Days 61 to 90: Scale & Decide

- Scale replenishment SOP to Mumbai, Delhi NCR, and tier-2 dark-store hubs.
- Read out Trial Lab regional results to set launch sequence for next product release.
- Conduct monthly operational performance review against baseline targets and finalize playbook.

Proposed Targets (Baseline → Target): Core SKU dark-store availability 69% → 95%+ · Priority keyword organic ranking Position 4-6 → Top 3 · Price-per-g advantage maintained at 25%+ vs. Derma Co · Regional Trial Lab pilot completed with full quota targets.

STRATEGIC INTEGRATION

Connecting Trial Lab Evidence to Marketplace Growth

How regional consumer wearability studies guide quick-commerce stock allocation and ad spend.

From Regional Evidence to Dark Stores

A standard national cosmetic launch treats every market identically. Fixderma Trial Lab tests consumer comfort across distinct climates (Hot-humid, Hot-dry, Temperate) before inventory allocation.

When Shadow Gel demonstrates 89% comfort in Bengaluru and Delhi with non-overlapping statistical separation over coastal zones, quick-commerce inventory is front-loaded into Gurugram and Bengaluru dark stores first.

Explore the live prototype engine: https://fix-derma-trial-lab-olive.vercel.app/results

Commercial Growth Outcomes

- **Prevents dark-store dead stock:** Avoids over-stocking heavy formulations in humid coastal corridors.
- **Higher review polarity:** Positive regional launch experiences generate authentic customer momentum.
- **Defensible shopper evidence:** Transparent PDP cards show real wearability rates and Wilson confidence intervals.

APPENDIX & DISCLOSURES

Methodology, Public Sources & Audit Limits

Methodological boundaries of outside-in quick-commerce research.

Audit Limits

This audit is an outside-in, point-in-time snapshot collected manually across consumer application interfaces. Platforms provide live, real-time inventory feeds via brand portals (e.g., Blinkit Brand Central, Zepto Partner) that reflect full warehouse stock levels.

Manual audits serve to identify customer-facing delivery frictions, search conquesting, and pricing discrepancies visible to everyday shoppers.
